INDICEM HVNC IN TRES CLASSES DISTINXI, IVXTA TRIMEMBREM CONTINENTIS ET TABVLARVM DIVISIONEM, NE AD SINGVLAS DICTIO-

nes, Europa, Africa, Asiaq; notas repetere, memoriamq; inquirentis notarum multitudine grauare, cogere, facile enim nouerit lector, in qua continentis parte locus quilibet quaerendus erit, quod si nonnunquam dubitet, exiguus erit labor, tria indicis capita percurrere. Numerus nominibus additus tabulam eius partis, de qua agitur, notat, litera illum sequentes, locum in tabula designant, circa quem propositum nomen reperitur, prior litera iuxta longitudinem tabulae in suprema aut ima eius parte sumenda est, posterior iuxta latitudinem in alterutro latere, ex illa lector descendens ascendensue recta, donec in transuersum hanc e regione habeas, ibi stante digito aut stilo, proxima circumquaque loca dispice, & continuo quaesitum nomen inuenies. Appellationes saepe recurrentes breuitatis causa paucissimis literis comprehensa sunt, ciu: ciuitatem signat, po: populum, pr: promontorium, por: portum, m: montem, col: coloniam, fl: fluiuium, reg: regionem, ins: insulam, leg: legionem, emp: emporium.

Magna regiones quae proprias habent tabulas, sine literis numerum tabulae solum adiunctum habent. Quoties nomen numero literisque caret, praecedentes illi seruiunt.
